“The Song is Just the Beginning” with Charlotte Diamond

Songs and Teaching Techniques for Immediate Use to Enhance Curriculum and Get Everyone Moving!

Charlotte Diamond is an award winning performer, educator and recording artist who presents family concerts, education concerts, keynote presentations and workshops throughout Canada and USA. She is also a former teacher of preschool to High School Music and Languages. Her thirteen recordings for children and families have received numerous awards including a Juno Award for “10 Carrot Diamond”, six Juno Award nominations, three American Library Association Awards and five Parents’ Choice Awards.

Through her “easy to follow” P.R.I.Z.E. Method, Props, Rhythm (and Movement), Imaginative Play, Zipper and Echo Songs, Charlotte inspires educators of young children to take full advantage of songs for the development of music skills and general curriculum.

Songs are a great source of information: language structure, vocabulary, Science, Math, social situations and problem solving. Children love to repeat songs over and over! The song becomes a framework on which to build, expand on a theme, lead into a project or create a new song or story. “I’m a Pizza” becomes “I’m a Bubble” or “I’m a Guitar”...

Children are nurtured by singing and playing music together. Many of Charlotte’s songs have been used extensively for children with special needs. Charlotte will show how some of her best known songs like “Labamba”, “Four Hugs a Day”, “I’m a Pizza (Je suis une Pizza)” and “Octopus or Slippery Fish” can be used in many ways.

Participation and creativity are encouraged. Be prepared to have fun and go back to your children refreshed with a “Song Bag” full of new ideas. Some songs are bilingual – English, French and Spanish.

Visit Charlotte’s website for more information and music downloads.
